**A COLORED PREACHER'S VIEWS.**—A friend, who was present at one of the churches where our colored people worship, on Sunday afternoon, gives us the following, among other sensible remarks, which occurred in the sermon of the preacher, for many years a slave in this city:

"My brethren," said the preacher, "it is true your condition is changed. You are now free men and women, instead of, as in former years, slaves; but because you are free, it does not relieve you from certain duties which are incumbent upon white and colored persons. You must work, and take care of yourselves and families, and behave yourselves, as the white people do, and be polite to all persons. Without this you cannot be respected. Do not be deceived by professions from any one. When you find white men who are willing to get down from you for the purpose of showing you up above them, as some profess they will do, for the purpose of gaining your support, I say to you, watch all such characters. When, however, men are willing to reach down from the wall and offer you their hands to pull you up, as your former masters are willing to do, you may trust them. I say unto you, brethren, look out for designing men, who profess to love only to betray."—*Norfolk Journal.*

**"IMPERISHABLE JUSTICE."**—In the effort of Senator Wilson in this city on Thursday night, he said that the party which he represented desired to humiliate none, but it was to elevate the poor and lowly; it was not to degrade, but to build up; not to oppress, but to relieve; that it was "based upon principles of eternal, imperishable justice." Scarcely had he uttered these charitable words, uttered as they were seemingly under the inspiration of the noblest idea of humanity and justice, than he exultingly alluded to the annihilation of the Presidential influence, the utter hopelessness of the minority at the North, and the delusion of any dependence upon that highest and most sacred civil tribunal in the country, the Supreme Court of the United States. A temple dedicated to the principles of Eternal Justice, thus stripped of its glorious influence, and closed forever to the appeals of the wronged and the persecuted,—alas! for the consistency of the Senator from Massachusetts! That was a sad blow to his argument, but he made worse instead of mending the matter, by the assertion that "the more the Southern people depended upon the Democratic party of the North, the harder the Radical Republican party would be upon them." And the platform of that party is based upon the principles of "eternal, imperishable justice!"—*Petersburg Express.*

**A LUNATIC IN THE WITNESS BOX.**—On the 10th of March last two attendants in the Devon (English) Lunatic Asylum were accused of beating one of the lunatics entrusted to their care, and the only witnesses for the prosecution were two of the madmen. These two men were brought into court, put in the witness stand and subjected to the proverbially searching cross-examination of English barristers. They bore the ordeal very well and gave their evidence much better than a vast number of sane men could have done. One of the witnesses was the victim of a fancy that he was a workman for the devil, but gave a clear and most interesting account of his affair with the two attendants. The witnesses agreed with the general facts of the assault, but differed in their opinion of the temper of the beaten lunatic. The beaten lunatic informed the court that "his own temper was as mild as milk," but his brother lunatic declared "that when he was in his temper was that of the devil." The evidence, although readily admitted by the court, was to the jury for what it was worth, and a verdict of acquittal was rendered. It was a case where the accused could not speak for themselves, and the accuser's statement was too strongly tainted with insanity for an English jury to base a verdict of guilty upon it.—*Richmond Times.*

**GIGANTIC ROBBERIES.**—Some robberies on a gigantic scale have lately been committed at Nijni Novgorod, Russia. Salt to the value of \$500,000 has been taken from the Government stores; and upwards of one thousand five hundred tons of iron, which were deposited in the magazines after the fair, have disappeared. Such enormous depredations could not, of course, have been carried on without the connivance of the Government functionaries. Another serious robbery was discovered not long since at Moscow. A clerk in the treasury contrived to make off with nearly \$135,000. Fortunately, he was taken and the greater part of the money recovered.

**A LEAGUE "NOT MENTIONED."**—The New Orleans Times relates: "A book-keeper, who had served his employer faithfully, was continually disappointed in his application for advancement, the employer telling him, 'Never mention it, I'll mention you in my will.' In the course of years, the book-keeper meantime rendering faithful services, the employer died, and the book-keeper finding that he had not been mentioned in the will, he thereupon brought suit. Witnesses testified his claim was just, and that these promises had been made. The consequence was that he recovered \$15,000 of the estate."

**Raid on Foxes.**—Red foxes have become so numerous on James river, in the neighborhood of Brandon, that a short time since it was feared they would entirely exterminate the hares and partridges, to say nothing of their incursions into the farmers' yards. A number of gentlemen, consequently, determined to slaughter the depredators, without caring for the mode of warfare, and the shortness has been that, within comparatively a short period, three of the party have shot fifty three. —*Rich. Whig.*

**ENOCH GRIMES,**

below Fairfax, on the north side, where he is prepared to furnish the public, with every description of articles in his line, which may be wanted. His assortment of COOKING STOVES, will embrace every variety, and of the best descriptions. He would enumerate, among them, Noble Cook Stove, the best that was ever in use, and well deserving its name—the LILLY, the PALMETTO, and others. His TIN WARE will be found equal, if not superior to any ever offered for sale in Alexandria, and housekeepers can have any description of ware of that kind, which they may need. He invites an examination of his goods, and presents such a selection as cannot fail to please. All kinds of ROOFING and SPOUTING, executed in the best manner and on the lowest terms.

An experience of forty years in this business, enables him to claim that he has a practical knowledge of it, in all its branches. He is desirous of not only accommodating, but giving satisfaction to his customers and to all purchases, and they may be assured that what he sells them will be of the best materials and of the best manufacture. He will warrant whatever he sells. It will be his object to secure patronage by constant and personal attention to his establishment.

This announcement he will open his Manufacturing, willing to show by his efforts that the patronage he asks, will redound to the advantage of those who buy, as well as of him who sells, and that the citizens of Alexandria, and its vicinity, need not go elsewhere to purchase what can be procured in their own city, from one of their own people.

**FERTILIZERS, &c.**  
**GUANO AND FERTILIZERS.**  
The subscriber has on hand a full assortment of the most approved MANURES, which he is prepared to sell in any quantity desired, at the LOWEST MARKET RATES.

As the prices are uniform, the farmer can obtain his supplies as well by correspondence as though he were to purchase in person.  
I OFFER:  
Peruvian Guano, of the best quality.  
Bolivian Guano. This article comes from the same section as Peruvian, which it closely resembles in texture and appearance. It is much richer in Phosphate, but has less Ammonia. For stiff soils or stiff sub-soils it will answer quite as well as Peruvian, and it costs but two-thirds the price of that article.  
Mexican Guano, of four grades.  
Ground Bones.  
Whitlock's Fertilizer. The high reputation borne by this article as the most effective and reliable crop producer made in the United States, induces me to ask the farmer to test it alongside of any manure he may apply.  
Woolston's Ammoniated Bone Phosphate. This article is manufactured by the best house, and contains all the best qualities of Peruvian Guano and Ground Bones.

**GUANO.—REED'S AMMONIATED SUPERPHOSPHATE OF LIME.** The best and most powerful yet offered to the farmer, possessing all the activity of Peruvian Guano, but being far more durable in its effects.  
It contains a large amount of animal matter in a highly concentrated form, which, combined with its soluble bone phosphate of lime, cannot fail to render it very valuable as a fertilizer. Notwithstanding we believe it to be the best super-phosphate in the market, yet, by a process peculiar in its manufacture, whereby the expenses are lessened, we are enabled to sell it very low, with a liberal discount to dealers.

**REPARATOR CAPILLI.**  
Throw away your false frizzes, your switches,  
your wig—  
Destructive of comfort, and not worth a 2¢.  
Come and come your hair, and grow up again.  
And rejoice in your own luxuriant hair.  
**REPARATOR CAPILLI.**  
For restoring hair upon bald heads, from  
whatever cause it may have fallen out, and  
forming a growth of hair upon the face, it has  
no equal. It will force the hair to grow upon  
the smoothest face in from five to eight weeks,  
or hair upon bald heads in from two to three  
months. A few ignorant practitioners have as-  
serted that there is nothing that will force the  
growth of the hair or beard. Their  
assertions are false, as thousands of long and  
lustrous locks from their own experienced hands  
witness. But many will say, how are we to  
distinguish the genuine from the spurious? It  
certainly is difficult, as nine-tenths of the differ-  
ent preparations advertised for the hair and  
beard are entirely worthless, and you may have  
already thrown away large sums of money in  
purchasing them. To such I would say, try the  
Reparator Capilli. It will not only bring out  
it fully comes up to our representations, and  
your druggist does not keep it, send us \$1, and  
we will forward it, postpaid, together with a  
receipt for the money, which will be returned  
on our application, providing entire satisfaction  
is not given. Address—
